11 In the Matter of the Protest of

12 SHAYCO, INC., dba ONTARIO
13 VOLKSWAGEN,

14 Protestant,

15 v.

16 VOLKSWAGEN OF AMERICA, INC.,

17 Respondent.

Protest No. PR-2265-10

**ORDER CONFIRMING DECISION
TO SUSTAIN PROTEST**

18
19
20 **PROCEDURAL BACKGROUND**

21 **STATEMENT OF THE CASE**

22 1. By letter dated July 30, 2010, Volkswagen of America, Inc. (“VWoA” or “Respondent”)
23 gave notice to Shayco, Inc., dba Ontario Volkswagen (“Ontario VW” or “Protestant”) pursuant to
24 California Vehicle Code section 3062¹ of VWoA’s intention to establish a new Volkswagen dealership in
25 Montclair, California.²

26 ///

27
28 ¹ Unless otherwise indicated, all statutory references are to the California Vehicle Code.

² On January 10, 2011, the parties submitted a Joint Stipulation of Facts. RT Jan. 10, pp. 57-58; Jt. Stip. Facts 2, 5.

1 2. Ontario VW is the only Volkswagen franchisee located within the relevant market area
2 (“RMA”) of the proposed new dealership.³ The location of the proposed dealership in Montclair is
3 between 8.65 and 8.7 air miles from Protestant’s current location.⁴

4 3. On August 13, 2010, Ontario VW filed a timely protest with the New Motor Vehicle
5 Board (“Board”).⁵

6 4. A hearing on the merits of the protest was held January 10 through January 14, 2011, and
7 January 18 through January 20, 2011, before Marybelle D. Archibald, an Administrative Law Judge
8 (“ALJ”) of the Board.

9 5. Following the submission of post-hearing briefs by the parties, the matter was submitted
10 to the ALJ on April 19, 2011, who submitted her Proposed Decision to the Board on May 19, 2011.

11 6. A General Meeting of the Board was held on May 26, 2011, at which time the Proposed
12 Decision was considered only by the Public Members of the Board. These members also received public
13 comments from counsel for both parties.

14 7. Following consideration of the administrative record and Proposed Decision, and the
15 comments of counsel, the Board issued a Corrected Order Remanding the Proposed Decision Dated May
16 19, 2011, (“Remand Order”) with the following instructions to the ALJ:

17 1. The ALJ shall consider the evidence in the record or reopen the record as
18 may be necessary to make additional findings of fact concerning the effect on the retail
19 motor vehicle business and the consuming public in the relevant market area only. (Veh.
20 Code § 3063(b))

21 2. The ALJ shall provide additional facts on the methodology used in
22 concluding that Protestant made 19.4% of new Volkswagen sales from the Montclair PAI
23 in 2009. (See Jt. Exh. 42, Tab 11, p. 5)

24 3. The ALJ shall make a determination that (assuming hypothetically) there is
25 a 19.4% reduction in Protestant’s sales due to the establishment of the proposed dealer in
26 Montclair, where, in terms of geography, will Protestant re-capture those lost sales? The
27 focus should not be limited to new retail sales but should also consider used vehicle sales,
28 as well as warranty and any other customer pay services.

26 ³ Written notice is required whenever a franchisor seeks to establish a new motor vehicle dealership if there is a dealership of
27 the same line-make within the “relevant market area” which is that area within a radius of 10 miles from the site of the
28 proposed new location. (Sections 507 and 3062(a)(1)); Jt. Stip. Facts 4, 8.)

⁴ Jt. Stip. Jt. Exh. 42, Tab 11, p. 5 Fact 4.

⁵ Jt. Stip. Fact 6.

1 consider the “(b) Effect on the retail motor vehicle business and the consuming public in the relevant
2 market area”.

3 14. As to the other good cause factors as discussed in the Proposed Decision Following
4 Remand, although not expressly rejected in their entirety, to the extent they are inconsistent with the
5 decision to sustain the protest, it is implicit that any findings and conclusions in the Proposed Decision
6 Following Remand that are inconsistent with the Board’s determination to “reject the Administrative Law
7 Judge’s Proposed Decision Following Remand” or inconsistent with the decision to “sustain the protest”
8 have also been rejected.

9 15. When the Board sustained the protest on September 27, 2011, it also stated it would “draft
10 its own decision which will be considered at the December 7, 2011 General Meeting”. This Order
11 Confirming Decision is a culmination of the Board’s Decision on September 27, 2011.

12 **PARTIES AND COUNSEL**

13 16. Protestant is an authorized Volkswagen dealership located at 701 S. Kettering Drive,
14 Ontario, California.⁶ It is owned by Gary Sherman and his wife through a family trust, referred to as
15 Shayco, Inc.⁷ Protestant is a “franchisee” within the meaning of Sections 331.1 and 3062(a)(1).

16 17. Protestant is represented by the Law Offices of Michael J. Flanagan, by Michael J.
17 Flanagan, Esquire, and Gavin M. Hughes, Esquire, 2277 Fair Oaks Boulevard, Suite 450, Sacramento,
18 California.

19 18. Respondent is a “franchisor” within the meaning of Sections 331.2 and 3062(a)(1).

20 19. Respondent is represented by Jeffer Mangels Butler & Mitchell LLP, by Allen Resnick,
21 Esquire, and Ryan S. Mauck, Esquire, 1900 Avenue of the Stars, Seventh Floor, Los Angeles,
22 California.

27 _____

28 ⁶ Jt. Stip. Fact 1; Jt. Exh. 36.
⁷ RT Jan. 10, pp. 211 – 212.

1 *Protestant's Witnesses at the Merits Hearing*⁸

2 20. Protestant called the following witnesses: Gary Sherman, dealer principal, Ontario
3 VW; Earl Reed, General Manager, Ontario VW; Greg Bozzani, dealer principal and managing partner
4 of SAI Auto Group, LLC, the operator of Bozzani Volkswagen in Covina; Howard Hawkins,
5 Chief Financial Officer of the Metro Autogroup, Montclair.⁹ Protestant's expert witness was Joseph F.
6 Roesner, Vice President, The Fontana Group.

7 21. Following remand, Protestant submitted declarations from Gary Sherman, Earl Reed, Greg
8 Bozzani, Frederick E. Hitchcock, Jr., and Joseph F. Roesner.

9 *Respondent's Witnesses at the Merits Hearing*¹⁰

10 22. Respondent called the following witnesses: Tony Ray, General Manager of Dealer
11 Network Development, Western Region, VWoA; Steve Mears, a VWoA employee who was previously
12 Regional Director, Western Region, VWoA; Edward Starr, City Manager, City of Montclair; Marilyn
13 Staats, Director of Redevelopment and Public Works, City of Montclair; Kurt Thomas, Regional Parts
14 and Accessories Consultant, Western Region, VWoA; John Hawkins, dealer principal, Metro Honda,
15 Montclair; Steven Smith, Sales Operations Manager, Area 52, VWoA. Respondent's expert witness was
16 Sharif G. Farhat, Vice President of Expert Analytical Services, Urban Science Applications, Inc.

17 23. Following remand, Respondent submitted declarations from Anthony Ray, Kurt Thomas,
18 and Sharif G. Farhat.

19 **DEPOSITION TESTIMONY AT THE MERITS HEARING**¹¹

20 24. Pursuant to a stipulation by the parties, deposition excerpts of the following deponents
21 were admitted: Debbie Scheline, Business Manager, Shayco, Inc.; Jack Feely, Jr., Business Improvement
22 Manager, VWoA; Ron Stach, General Manager of Sales, Western Region, VWoA.

23 ///

24 _____
25 ⁸ Unless otherwise indicated, all testimony and other evidence referred to is evidence received at the merits hearing prior to the
26 remand. There was no additional hearing after the remand so there would be no oral testimony after remand. But, there were
27 declarations and exhibits after the remand.

27 ⁹ Howard Hawkins was called pursuant to Evidence Code section 776, which permits a party to call as a witness a person
28 associated with an adverse party and to examine the witness as if under cross-examination, i.e., to use leading questions in its
direct examination.

¹⁰ See footnote 8.

¹¹ See footnote 8.

EVIDENTIARY ISSUES AT THE MERITS HEARING¹²

25. The parties offered over 100 exhibits at the January 2011 hearing, and all exhibits offered were admitted into evidence. Hearsay objections were raised to newspaper and journal articles; those objections were overruled by ALJ Archibald.

26. During the merits hearing, Respondent's motion for a protective order in regard to Joint Exhibit 55, an e-mail from Tony Ray to Howard Hawkins and the accompanying Letter of Intent, was granted. During the hearing, Respondent's motion to expand the protective order to include testimony by Steve Mears concerning Bozzani Volkswagen, was granted.

27. No request was made by Protestant to continue the hearing for the purpose of reopening discovery or submitting additional testimony.¹³

28. On remand, exhibits which constitute hearsay have been admitted and have been given the appropriate weight.

29. On remand, the batch of documents received by the Board July 29, 2011 from Protestant characterized as "additional evidence Protestant reserves the right to use as an exhibit to its brief" and numbered OVWR 0000001 through OVWR 0000252 was not admitted.

30. On remand, the Declaration of Frederick E. Hitchcock, Jr., offered by Protestant was not admitted. The Declaration is contrary to the Board's Remand Order and contrary to the ALJ's Order Regarding Pre-Hearing Matters on Remand. The Declaration is an attempt to fill an evidentiary gap noted in the original Proposed Decision and is not relevant to the issues on remand.

31. The Supplemental Declaration of Joseph F. Roesner On Remand dated August 31, 2011, and presented by Protestant to correct an alleged misstatement in Respondent's Reply Brief was not admitted, nor was the correspondence of counsel for Protestant and Respondent concerning this offer. The concept of "radius" as presented by Mr. Roesner and argued by Respondent does not require correction.

32. On remand, the ALJ requested clarification of the Supplemental Declaration of Anthony

¹² Unless otherwise indicated, all evidence referred to is evidence received at the merits hearing prior to the remand.

¹³ Protestant states that on the last day of the hearing it became aware of "falsely reported sales" which may have corrupted the standard for measuring performance of the RMA, as well as other geographic areas of analysis. Protestant contends that it was denied the opportunity to explore this behavior. (Prot. Post-Hearing Reply Brief, p. 2: 21-28)

1 Ray on Remand due to a real estate advertisement in the August 29, 2011 issue of *Automotive News*. The
2 Third Declaration of Anthony Ray on Remand was submitted and considered solely for its response to
3 the ALJ's questions. Protestant's request to exclude the Third Declaration of Anthony Ray on Remand
4 was denied. Protestant's request to submit additional evidence regarding the status of the Redlands and
5 Victorville open points was denied, and the arguments of Protestant's counsel in correspondence were
6 not considered.

7 **ISSUE PRESENTED**

8 33. The following issue is presented by this protest: Did Ontario VW, the only Volkswagen
9 dealership within the 10 mile radius of the proposed establishment site, sustain its burden of proving
10 good cause to preclude VWoA from establishing the proposed dealership at the stated location in
11 Montclair?

12 34. Under Section 3062(a)(1), when a timely protest has been filed, a franchisor is not
13 permitted to establish the proposed motor vehicle dealership until a hearing has been held before the
14 Board, nor thereafter if Protestant establishes at the hearing that there is good cause not to permit the
15 establishment.

16 35. In determining whether there is good cause for not entering into an additional franchise for
17 the same line-make, Section 3063 requires the Board to take into consideration the existing
18 circumstances, including, but not limited to, all of the following:

19 (a) Permanency of the investment.

20 (b) Effect on the retail motor vehicle business and the consuming public in the relevant
21 market area.

22 (c) Whether it is injurious to the public welfare for an additional franchise to be
23 established.

24 (d) Whether the franchisees of the same line-make in that relevant market area are
25 providing adequate competition and convenient consumer care for the motor vehicles of the line-make in
26 the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment,
27 supply of vehicle parts, and qualified service personnel.

28 (e) Whether the establishment of an additional franchise would increase competition and

1 therefore be in the public interest.

2 36. This statutory scheme is evidence that the Legislature “intended that the Board balance the
3 dealers’ interest in maintaining viable businesses, the manufacturers’ interest in promoting sales, and the
4 public’s interest in adequate competition and convenient service.” *Piano v. State of California ex rel.*
5 *New Motor Vehicle Board* (1980) 103 Cal.App.3d 412, 417

6 **PROTESTANT’S CONTENTIONS**

7 37. Protestant contends: the Inland Empire¹⁴ is overdealered, cannot sustain an additional
8 VWoA dealership, and the additional dealership would result in ruinous competition; VWoA’s “lost
9 opportunity” analysis is flawed, and the accuracy of sales figures is impacted by falsely reported sales;
10 the Inland Empire economy has suffered a more adverse impact than California or the nation; the Metro
11 Autogroup and Messrs. John and Howard Hawkins are not the right choice to operate the new VWoA
12 dealership; Ontario VW has a substantial and permanent investment which will be negatively impacted
13 by the new dealership; the RMA is already adequately served by existing dealers and the new dealership
14 will not benefit consumers and will harm the public; and VWoA’s new strategic plan to increase sales is
15 “pie in the sky.”

16 **RESPONDENT’S CONTENTIONS**

17 38. Respondent contends: the new dealership will have a positive impact on the retail motor
18 vehicle business and the consuming public in the RMA; establishing a dealership in Montclair will
19 benefit the public welfare; Ontario VW is not providing adequate competition and convenient customer
20 care in the RMA; competition will increase with an additional dealership; and Ontario VW’s investments
21 in its VWoA dealership are not jeopardized by a new dealership in Montclair.

22 ///
23 ///
24 ///
25 ///
26 ///

27 _____

28 ¹⁴ Witnesses used this term without defining the boundaries of its geographic area; as understood from the context of the testimony, “Inland Empire” refers to Riverside and San Bernardino counties.

1 **FINDINGS OF FACT**¹⁵

2 **PRELIMINARY FINDINGS**

3 **VWoA's Plans for Increasing Sales in the United States**

4 39. Sales of Volkswagen vehicles in the United States in 2010 were 260,000 vehicles, but
5 VWoA expects to sell double that number within two years and increase sales to 800,000 by 2018.¹⁶ The
6 newly appointed head of this campaign to increase sales in the United States is Mr. Jonathan Browning,
7 President and CEO of VWoA. VWoA has built a plant in Tennessee to produce a new Passat in 2011,
8 designed and priced for the American market. The new Passat is expected to compete in the midsize
9 sedan range with vehicles like Toyota's Camry.¹⁷ VWoA also plans to introduce a new Jetta, the next
10 generation new Beetle, and a new Touareg.¹⁸

11 40. Toyota, one of VWoA's primary competitive groups, sold 1.3 million new vehicles
12 nationally in 2010.¹⁹ VWoA's primary competitive groups, in addition to Toyota, include Honda,
13 Nissan, Mazda, Hyundai, and Subaru.²⁰

14 41. A J.D. Powers evaluation of sales satisfaction by brand for 2010 ranked VWoA 26th in the
15 nation and resulted in a motivational memo from Mr. Browning to VWoA's 582 dealers in the United
16 States.²¹

17 **VWoA in the Western Region, California, and Area 52**

18 42. VWoA has divided the United States into four geographic regions for administrative
19 purposes. California, which has approximately 130 VWoA dealers, is in the Western Region.²² The

22 ¹⁵ References to testimony, exhibits or other parts of the record are examples of evidence relied upon to reach a finding and are
23 not intended to be all-inclusive. Transcripts of the proceedings are referred to by date. Deposition testimony is referred to by
24 the deponent's name. References to "Exh." are to Joint, Protestant's, or Respondent's Exhibits. To distinguish them from
25 exhibits from the hearing, exhibits on remand are so labeled.

26 Findings of Fact are organized under topical headings for readability only. They are not to be considered relative to only
27 the particular topic under which they appear, but rather may apply to any of the good cause factors of Section 3063.

28 ¹⁶ RT Jan. 18, pp. 109 - 110; RT Jan. 19, p. 240; Stach Depo. pp. 34, 35, 38.

¹⁷ RT Jan. 18, pp. 20-23; 107-108; Resp. Exh. 65.

¹⁸ RT Jan. 20, p. 121.

¹⁹ RT Jan. 18, pp. 109 -110.

²⁰ RT Jan. 19, pp. 10, 69; Jt. Exh. 44, App.11.

²¹ Prot. Exh. 106; RT Jan. 18, pp. 20, 108 - 109. Testimony and exhibits reflecting the current number of dealers varies;
however, 582 is the most specific.

²² RT Jan. 13, p.110; RT Jan. 18, p. 13.

1 California dealers are grouped into smaller areas by their locations, with each area given a number.²³

2 43. Ontario VW is one of 10 VWoA dealers in what VWoA has designated as Area 52. The
3 proposed Montclair dealership would also be in Area 52. Of the 10 existing VWoA dealerships in Area
4 52, three of them (Ontario VW, Riverside VW, and Cardinale Way VW in Corona), are in the Inland
5 Empire.²⁴

6 44. The importance of highways and freeways in Area 52 cannot be overemphasized. The I-
7 10 Freeway runs east-west through Area 52 and the northern area of Montclair and continues westward to
8 the Pacific Ocean. VWoA is extraordinarily concerned that from Indio to Santa Monica, there is not one
9 VWoA dealership “on” the I-10 Freeway or even visible from that freeway.²⁵

10 45. Ontario VW is on the I-15 Freeway, which runs north-south.²⁶ The City of Ontario is
11 crossed by the I-15 and I-10 Freeways and Highways 60 and 210.²⁷

12 **The Montclair Open Point**

13 46. The City of Montclair is approximately 35 miles east of Los Angeles on the western edge
14 of San Bernardino County.²⁸ The city is primarily south of the I-10 Freeway.²⁹ Most new car dealerships
15 are south of the I-10 Freeway, toward the north end of town.³⁰

16 47. When Urban Science Applications, Inc., a consulting firm employed by VWoA
17 determines that a geographical area needs additional VWoA representation, that location is placed on the
18 “Open Point list”.³¹ Placing a location on the Open Point list does not guarantee that VWoA will actually
19 decide to establish a dealership at that location, and the list changes yearly.³²

20 ///

21 _____

22 ²³ RT Jan. 18, p. 13; RT Jan. 20, p. 116.
23 ²⁴ RT Jan. 18, p. 43; RT Jan. 20, pp. 116, 126. Protestant’s allegation on remand that two additional dealerships have been
24 “appointed” in Riverside County is not supported by the evidence. Second Declaration of Earl Reed on Remand, para. 4, P Ex.
25 ²⁵ RT Jan. 18, pp. 82 - 83; RT Jan. 19, p. 14.
26 ²⁶ Jt. Exh. 42, Tab 4, p. 2, incorporated herein as Attachment 1 (“Volkswagen Dealer Locations, Census Tracts Touching 10-
27 Mile Ring Around Add Point”).

²⁸ RT Jan. 19, p. 131.
²⁹ RT Jan. 19, p. 132.
³⁰ RT Jan. 19, p. 136.
³¹ RT Jan. 18, p. 16.
³² RT Jan. 18, p. 17.

1 48. Montclair was placed on the Open Point list in 2006.³³ Although the National Association
2 of Minority Automobile Dealers was notified twice about the potential Montclair Open Point, and
3 although VWoA had interest from a number of parties, VWoA did not declare the point open and begin
4 to accept applications until 2010 because the issue of available real estate hampered interest.³⁴

5 49. On August 26, 2009, Tony Ray and Steve Mears of VWoA met with Gary Sherman and
6 Earl Reed of Ontario VW to discuss potential open points in Montclair, San Bernardino, and
7 Redlands.³⁵ At this meeting Messrs. Ray and Mears displayed graphics which they described as
8 “scenarios”, with San Bernardino and Redlands as separate, but “technically not” open points.³⁶

9 50. At this August 26, 2009, meeting, Mr. Sherman told Messrs. Ray and Mears there was no
10 need for an additional dealership in Montclair, and that San Bernardino and Redlands could not support
11 two dealerships.³⁷ Mr. Reed confirmed that Mr. Sherman voiced his concern that establishing a
12 Montclair dealership would be a mistake.³⁸ However, VWoA claims it did not become aware of Mr.
13 Sherman’s concerns until it received an e-mail dated May 24, 2010, after Mr. Sherman learned he had not
14 been awarded the Montclair point.³⁹ The testimony of Mr. Sherman and Mr. Reed is more credible.⁴⁰

15 51. The region recommends to VWoA’s corporate office when it is time to establish a point,
16 declare it open, and begin accepting applications.⁴¹ On November 17, 2009, Mr. Mears mentioned to Mr.
17 Sherman that Montclair would quite possibly be declared an open point in early 2010, and that the
18 application period would be open soon.⁴²

19 _____
20 ³³ RT Jan. 18, p. 29.

21 ³⁴ RT Jan. 18, p. 63; RT Jan. 19, pp. 110, 158.

22 ³⁵ RT Jan. 10, p. 141; RT Jan. 19, p. 9.

23 ³⁶ RT Jan. 11, p. 31; RT Jan. 18, p. 36; Prot. Exhs. 86, 87.

24 ³⁷ RT Jan. 11, pp. 32, 42; RT Jan. 19, p.68. After that meeting, and hoping he could convince VWoA that only one point was
25 needed between San Bernardino and Redlands, Mr. Sherman began negotiations to purchase a Hyundai dealership in Loma
26 Linda, which is on the I-10 Freeway. RT Jan. 11, p. 53; RT Jan. 20, pp. 174-175. The negotiations for the Loma Linda site
27 fell through, and Mr. Sherman learned later that VWoA had reviewed the “scenarios” and decided that only one open point, in
28 Redlands, was necessary. RT Jan. 11, pp. 32 – 35.

³⁸ RT Jan. 10, pp. 139-140.

³⁹ Prot. Exh. 83.

⁴⁰ There would be no reason for Mr. Sherman to voice his opinion about San Bernardino and Redlands, but remain silent about
Montclair. Prior to May 24, 2010, the parties engaged in numerous e-mail communications. VWoA argues that none of them
contains an expression of Mr. Sherman’s concern over any negative impact of a Montclair dealership. Jt. Exh. 19; Resp. Exhs.
8, 11. Mr. Sherman’s explanation is quite plausible: he didn’t want to “get in their face” since he was applying for the
Montclair point as a defensive measure. RT Jan. 11, pp. 228 – 229.

⁴¹ RT Jan. 19, pp. 70-71.

⁴² RT Jan. 19, p. 72.

1 52. Although Mr. Sherman testified that he believed an additional VWoA dealership in
2 Montclair was not necessary, Mr. Reed encouraged him to apply for the point as a defensive measure.⁴³
3 Mr. Sherman agreed that it would be better to operate the Montclair dealership, even if he took a loss for
4 a period, rather than to have some other dealer be selected for the point.

5 53. Mr. Sherman had previously operated new motor vehicle dealerships in Montclair.
6 Shayco, Inc. still owns the property where the former dealerships were located.⁴⁴ The property is on
7 Central Avenue, probably the busiest traffic corridor in Montclair.⁴⁵ The property is about one mile from
8 the I-10 Freeway; it is not visible from the Freeway.⁴⁶

9 54. The City of Montclair's general plan does not provide for bringing automobile dealerships
10 back into the Central Avenue area.⁴⁷ Nevertheless, because Mr. Sherman had a good working
11 relationship with the City of Montclair, it agreed to a proposal by which the City of Montclair would give
12 credit against sales tax in the amount of \$1,000,000 to permit Mr. Sherman to upgrade his vacant
13 dealership into a new VWoA dealership.⁴⁸

14 55. Mr. Sherman believed he could make the Montclair point work by cutting overhead in the
15 two dealerships - for example, by sharing staff. When asked by Mr. Ray during a December 8, 2009,
16 visit to the Central Avenue property, Mr. Sherman confirmed that he was confident that he could sell
17 1,000 units per year from that location.⁴⁹ Mr. Sherman assured Messrs. Ray and Mears that he could
18 maintain superior sales and service, provide an above average sales penetration in his area of
19 responsibility, and provide good management.⁵⁰ Mr. Sherman submitted an application to become the

22 ⁴³ RT Jan. 10, pp. 143-144; RT Jan. 11, p. 46.
23 ⁴⁴ RT Jan. 11, p. 57.
24 ⁴⁵ RT Jan. 19, p. 141.
25 ⁴⁶ RT Jan. 19, p. 145.
26 ⁴⁷ RT Jan. 19, p. 156.
27 ⁴⁸ Jt. Exh. 41. Mr. Sherman met with City representatives in mid-August 2010 after he filed his Protest in this matter. He
28 failed to advise them that he had not been selected as the dealer for the Montclair Open Point, and they believed a decision had
not yet been made. RT Jan. 11, pp. 211 - 213; Resp. Exh. 26. Respondent argues that this lack of candor renders Mr.
Sherman's testimony questionable. However, Mr. Sherman testified truthfully at the hearing: he conceded he had not been
truthful but had an explanation (that although another dealer had been selected, he thought he still could change VWoA's
mind). This event may have impacted his relationship with the City, but does not completely taint Mr. Sherman's testimony in
this hearing.
⁴⁹ RT Jan. 18, pp. 53-54.
⁵⁰ Resp. Exh. 10.

1 dealer at the Montclair Open Point.⁵¹

2 56. After Mr. Ray and Mr. Mears conducted their site visits to Mr. Sherman’s Central Avenue
3 location and compared it to the Metro Autogroup site, which is on the preferred I-10 Freeway, Mr. Mears
4 instructed Mr. Ray to offer Mr. Sherman additional time to obtain a site which was visible from the I-10
5 Freeway with relatively close proximity to freeway access.⁵² Mr. Sherman declined the offer of
6 additional time.

7 57. Three applicants were considered by VWoA for the Montclair Open Point: Mr. Sherman;
8 the Penske Group; and the Metro Autogroup. All three applications were evaluated on criteria
9 including past performance, facility, diversity, and the all-important location.⁵³ The Western Region
10 made a recommendation to select the Metro Autogroup.⁵⁴

11 58. Mr. Sherman testified that he knew that his location wasn’t what VWoA wanted, and he
12 knew he wasn’t selected because VWoA wanted to be on the I-10 Freeway.⁵⁵ In spite of this
13 acknowledgement, and in spite of his admission that Mr. John Hawkins is considered a good operator,
14 Protestant attacked the selection process. The Board’s decision to sustain the protest was not based upon
15 whether the selection process was defective or whether the Metro Autogroup has the means and
16 experience to operate the proposed dealership in Montclair.

17 The Expert Opinions

18 59. Mr. Farhat, the expert for VWoA, is Vice President of Expert Services, Urban Science
19 Applications, Inc. (“Urban Science”).⁵⁶ Urban Science is a consulting company which works with the
20 automotive industry and other industries to offer business solutions.⁵⁷

21 60. Urban Science assists its clients with “dealer network planning”, which determines the
22 appropriate number of dealerships, and the appropriate location of those dealerships, as well as the

1 “measurement of the operations” of the dealerships.⁵⁸ Mr. Farhat performed an analysis of the Montclair
2 RMA to determine if VWoA had adequate representation, whether the additional dealership was
3 necessary, and what might be the impact on Ontario VW and the consuming public if the Montclair
4 dealership is established.⁵⁹

5 61. Protestant’s expert, Mr. Roesner, is the President of the Fontana Group, a consulting
6 firm that specializes in the automobile industry.⁶⁰

7 62. Mr. Roesner’s analysis examined the location of dealers relative to opportunities for
8 registrations, the number of dealers in a market, where the dealers are located, and whether there is
9 sufficient opportunity for a dealer to make a profit.⁶¹

10 63. Both experts utilized much of the same data from the same sources: 2000 Census
11 information, VWoA statistics, and data purchased from private specialists, such as Polk and
12 Claritas.⁶²

13 64. VWoA dealers are assigned Primary Areas of Influence (“PAI”) which are geographical
14 areas containing census tracts nearest each dealer, but not beyond 20 miles.⁶³ Each census tract has
15 approximately 4,000 people.⁶⁴ Each PAI is unique to its dealer; the Ontario PAI will not change if the

19 ⁵⁸ RT Jan. 13, p. 74.

20 ⁵⁹ RT Jan. 13, p. 82.

21 ⁶⁰ RT Jan. 12, p. 5; Jt. Exh. 42, Tab 1, Statement of Education and Experience.

22 ⁶¹ RT Jan. 12, pp. 7– 8.

23 ⁶² RT Jan. 13, pp. 89 – 91. At the time of his testimony, Mr. Mears was a VWoA employee who had been removed from his
24 position as Regional Director, Western Region in July 2010. Protestant attempts to discredit Mr. Mears’s testimony by linking
25 evidence of false reporting of car sales to his termination; although there is a temporal link that is insufficient to totally
26 discredit Mr. Mears’s testimony.

27 Mr. Mears denied being involved in any scheme to falsely report cars. (RT Jan. 19, p. 127.) His denial is, in part,
28 contradicted by the more credible testimony of Mr. Smith.

29 Mr. Smith explained that “punching cars” is slang for reporting vehicle sales. (RT Jan. 20, p. 131.) A report can be “false” if
30 real retail sales have not been made. (RT Jan. 20, pp. 133-134.) In June 2010, the Western Region decided to capture
31 incentive money by reporting a number of vehicles which had not actually been sold. (RT Jan. 20, p. 134.) Area 52 had less
32 than 20 vehicles incorrectly or “falsely” reported, and some dealers were charged back for the incentive money when the car
33 was actually sold. (RT Jan. 20, p. 135.)

34 Protestant’s argument, that the “false reports” corrupt the analysis of VWoA, is not supported. As quickly as it removed
35 Mr. Mears from his position, VWoA made corrections when vehicles were actually sold, according to Mr. Smith. Moreover,
36 any “corruption” would impact Mr. Roesner’s calculations also, since he indicated he utilized VWoA statistics.

37 ⁶³ RT Jan. 12, pp. 28, 29.

38 ⁶⁴ RT Jan. 12, p. 21.

1 Montclair dealership is established.⁶⁵ Five PAIs are in the Riverside-San Bernardino market, an area
2 defined by VWoA.⁶⁶

3 65. The RMA is a statutory construct - a 10 mile radius from the proposed new dealership.
4 The RMA may contain portions of several PAIs. In this case, the Montclair RMA contains portions of
5 the PAIs of four existing dealers plus the PAI for the proposed Montclair dealership. The four existing
6 Volkswagen dealers are Ontario VW, Cardinale Way VW in Corona, Bozzani VW in Covina, and Puente
7 Hills VW.⁶⁷ Although only Ontario VW is physically located within the RMA and has the right to
8 protest, there are four existing Volkswagen dealers whose PAIs include some portion of the RMA and
9 who have a responsibility assigned to them by VWoA for the marketing of Volkswagen vehicles in a
10 designated portion of the RMA and for providing customer care to Volkswagen owners in a designated
11 portion of the RMA.

12 66. Both experts considered cross-sells, which look to see if the address at which the vehicle
13 is registered is within or outside of the area assigned to the selling dealer.⁶⁸ Ontario VW, for example,
14 makes most of its sales in the Riverside-San Bernardino market (397 of 597 December 2009 YTD), but
15 Bozzani VW only makes 20% of its sales in the market, leading Mr. Farhat to conclude that Bozzani VW
16 is not part of the Riverside-San Bernardino market.⁶⁹ This analysis is based on actual data, and Mr.
17 Farhat concludes that the Riverside-San Bernardino market as defined by VWoA is a valid market.⁷⁰

18 67. In order to determine if the VWoA brand is being adequately represented in the Montclair
19 RMA, Mr. Farhat compared the market share of VWoA in the RMA with the market share of VWoA in
20 California. Mr. Roesner performed a similar analysis but used the Western Region of VWoA, which Mr.
21 Farhat agrees is a more conservative standard.

22 68. Brand representation, or market penetration, is the ratio of Volkswagen vehicle sales

23 ///

24

Declaration of Joseph F. Roesner [on Remand], Tab 22, p. 1, incorporated herein as Attachment 4.

28 ⁶⁸ Jt. Exh. 42, Tab 11; Jt. Exh. 44, pp. A-3, A-4.

⁶⁹ RT Jan. 13, p. 100; Jt. Exh. 44, pp. A-3.

⁷⁰ RT Jan. 13, 108.

1 compared to sales of the primary competitive group brands.⁷¹ For every 100 sales nationally,
2 Volkswagen sales are 6.61%. For every 100 sales in California, Volkswagen sales are 7.76%. For every
3 100 sales in the Western Region, Volkswagen sales are 7.80%.⁷²

4 69. Performance standards are adjusted for consumer preferences in the local market.
5 Segmentation analysis adjusts for these differences by separating all new vehicles sold and registered in
6 the marketplace into segments of like vehicles. Like vehicles refer to physical and performance
7 characteristics, as well as consumer perception and are named by size, price and function. For example,
8 the new Volkswagen Passat and the Toyota Camry are in the midsize sedan segment.⁷³

9 70. Mr. Farhat disagrees with the opinion of Mr. Roesner concerning segmentation. Mr.
10 Roesner is of the opinion that factors beyond statistical segmentation, such as income and ethnicity, may
11 be depressing VWoA's performance in the Montclair RMA.⁷⁴

12 71. Mr. Farhat analyzed income figures, and the median household income in the Riverside-
13 San Bernardino market is \$62,000. In the Riverside-San Bernardino market, registration effectiveness is
14 only 74.5% of the expected registrations. Other markets, such as Sacramento and Murrieta, with
15 comparable median household incomes perform better than Riverside-San Bernardino, so Mr. Farhat
16 concluded that income was not the cause of inadequate Volkswagen sales.⁷⁵

17 72. Ontario VW's PAI is 60% Hispanic, so Mr. Farhat reviewed Hispanic populations in
18 California and determined that Hispanic ethnicity does not explain inadequate Volkswagen sales.⁷⁶ Other
19 areas with significant populations of Hispanic ethnicity perform better.

20 73. The foreclosure rate in the Riverside-San Bernardino market is the fifth highest in
21 California.⁷⁷ However, Mr. Farhat's analysis determined this was not the cause of inadequate
22 Volkswagen sales because the seven other California markets with comparable foreclosure rates
23 performed better than Riverside-San Bernardino (those seven markets with comparable foreclosure rates
24

25 ⁷¹ Jt. Exh. 44, p. A-7. VWoA's primary competitive groups include Toyota, Honda, Nissan, Mazda, Hyundai, and Subaru.

⁷⁵ RT Jan. 13, pp. 129 – 130; Resp. Exh. 60, p. A-34.1; Resp. Exh. 61, App.103.1.

⁷⁶ RT Jan. 13, pp. 131 – 133; Resp. Exh. 60, pp. A-34.3, A-34.4.

⁷⁷ Resp. Exh. 61, App. 103.7; Jt. Exh. 43, Supp. Tab. 47, p. 8.

1 averaged 88% of the expected registrations; the Riverside-San Bernardino market was 74.5% of the
2 expected registrations).⁷⁸

3 74. Evidence was presented that addressed whether the shortfall in Volkswagen registrations
4 in the Riverside-San Bernardino market (compared to the averages as computed by VWoA) was due to:
5 lower household income; ethnicity of the population; high foreclosure rate; or high unemployment. It
6 was undisputed that the Riverside-San Bernardino area has lower household incomes, and that a high
7 percentage of the population is Hispanic. Also, and perhaps more important, the market also has the
8 highest unemployment rate not only in California but in the United States as well as the highest home
9 foreclosure rate not only in California but in the United States. The evidence presented by VWoA
10 purported to negate several of these factors as explanations for the below-average numbers of
11 Volkswagen sales. However, there is no doubt that these factors make the Riverside-San Bernardino
12 market a challenging market for the sale of new vehicles. In addition, it is logical to conclude that the
13 reasons for an area with these demographics to perform below average in sales are; low household
14 income; a high rate of unemployment; a high home-foreclosure rate; low educational levels, etc. It is not
15 reasonable to conclude that the “below-average” sales penetration is due solely to the absence of a
16 dealership in the Montclair market. Further, the economic recovery in the Riverside-San Bernardino area
17 is not progressing as rapidly (if at all) as compared to other areas of California or the country.⁷⁹

18 75. If VWoA is not selling new vehicles at least at the expected average, other brands will fill
19 the sales opportunities. The analysis of VWoA’s performance, not only in the Montclair RMA, but also
20 in the Riverside-San Bernardino market, as compared to California, reveals a significant shortfall⁸⁰ as
21 compared to VWoA’s expectations and comparisons to averages. Registration effectiveness, as
22 measured by VWoA, in the Riverside-San Bernardino market is only 75%. This means VWoA dealers in
23 the Riverside-San Bernardino market are 25% below the average level of performance of California
24 VWoA dealers. Mr. Farhat’s analysis brought him to the conclusion that there is a shortfall in

25 ///

26 _____
27 ⁷⁸ RT Jan. 13, p. 134; Jt. Exh. 44, App.103.7.
28 ⁷⁹ Declaration of Joseph F. Roesner, Remand Report, Tab 16; Second Declaration of Earl Reed on Remand.
⁸⁰ Jt. Exh. 44, pp. A-17, A-19, A-20.

1 registrations in the RMA; therefore, VWoA is not adequately represented.⁸¹ However, as stated above
2 and as urged by Protestant, VWoA's use of averages for measuring performance in a market and
3 declaring that the market is below average is not necessarily an appropriate measure for determining
4 whether another dealership is needed or what the effect would be upon the relevant market area if an
5 additional dealership was established.

6 76. One reason for lost opportunities may be related to a high population which is exposed to
7 brands other than VWoA. The Montclair auto mall houses several of VWoA's primary competitive
8 groups, including Honda and Nissan, and a Toyota dealer is close by on the I-10 Freeway. The City of
9 Montclair's population is 38,500 and is projected to increase in the immediate future to 40,000.⁸²
10 Between 1990 and 2010, the Riverside-San Bernardino market had an increase of 208,000 households.⁸³
11 The Montclair RMA is projected to grow by 16,000 households in the next five years.⁸⁴ The Ontario PAI
12 is projected to grow by 14,000 households by 2015.⁸⁵ However these projections may not take place.
13 Even if those households are added, it does not mean that an additional dealer is necessarily needed in the
14 RMA. It may be that this growth will enable the existing four dealers whose PAIs are within the RMA
15 to achieve greater sales and remain viable despite the economic downturns and difficulties in the
16 Riverside-San Bernardino market.

17 77. Again, because of other circumstances, the employment levels in this market area are
18 unlikely to increase as rapidly as in other areas. But, if they do there is still no need to increase the
19 number of dealerships in the RMA.

20 78. An additional factor to consider is median income. Median income for a Volkswagen
21 buyer is \$80,000.⁸⁶ A census tract has approximately 4,000 households. Mr. Roesner expressed concern
22 because along the I-10 corridor in Montclair and Ontario, the median income level is less than \$25,000,

23 ///

24 _____
25 ⁸¹ RT Jan. 13, p. 141.
26 ⁸² RT Jan. 19, pp. 132, 134.
27 ⁸³ RT Jan. 13, pp. 146-148; Jt. Exh. 44, p. A-25. Households may be a better indicator of potential sales because members of
28 households often pool their financial resources to purchase cars.
⁸⁴ Jt. Exh. 44, p. A-27.
⁸⁵ Jt. Exh. 44, p. A-29.
⁸⁶ RT Jan. 13, p. 157.

1 with a number of census tracts at \$50,000 to \$75,000.⁸⁷ Again, the lower median income is but one
2 factor, which alone may not explain the low sales penetration. However, it is another factor which can be
3 analogized to the “perfect storm” factors that exist in the RMA and indicate that an additional dealership
4 in the RMA is more apt to cause economic troubles for the dealers whose PAIs are partly in the RMA.
5 Because of these several factors, there is a stronger likelihood that the possible benefit of the additional
6 dealership will be far outweighed by the possible harm not only to the Protestant but also the other three
7 dealers responsible for the RMA, with the harm to them resulting in a “trickle-down” effect upon the
8 public if any one (or more) of the existing dealers ceases to exist. It is possible that the establishment of
9 an additional dealer will increase sales in the RMA but that the increase could be a short-term spike in
10 sales (at least in the Montclair PAI) followed by what may be “ruinous completion” that leaves only two
11 or three dealerships to serve the RMA. The effect of the loss of one or more profitable dealerships over
12 the long term would then be less competition within the RMA.

13 79. Mr. Farhat and Mr. Roesner agree that the automobile industry was down as much as
14 50% between 2008 and 2010, but the VWoA brand was able to hold its own in that economy.⁸⁸ As the
15 automobile industry revives, Mr. Roesner suggests that VWoA will not gain as much as other brands,
16 because building a plant in Tennessee to produce a new Passat will not guarantee sales at the rate VWoA
17 is projecting.⁸⁹ Even if there is a rise in sales as predicted by VWoA nationally, that does not mean that
18 will be the case in the RMA at issue. In addition, Mr. Roesner points out that other brands are actively
19 seeking to increase market shares. On remand Mr. Roesner notes that VWoA’s market share rose in
20 2011, in part because the earthquake in Japan made it difficult for Japanese brands to provide vehicles to
21 the United States market. However, Mr. Roesner believes this gain is short term and will not continue
22 once Japanese brands recover.⁹⁰ This is in contrast to Mr. Farhat, who is of the opinion that VWoA is in
23 a position to gain as much, or more, by its ability to keep dealers and consumers interested in its
24 products.⁹¹ This opinion is speculative, and depends on an assumption that the VWoA vehicles are of
25

26 ⁸⁷ RT Jan. 12, p. 43.

27 ⁸⁸ RT Jan. 13, p. 162.

28 ⁸⁹ RT Jan. 13, p. 163.

⁹⁰ Reply Declaration of Joseph F. Roesner on Remand, para. 3e.

⁹¹ RT Jan. 13, p. 163; Jt. Exh. 44, p. A-40.

1 better quality and more desirable than their Japanese competitors. While this may be true, it cannot be
2 assumed one way or another. This Board reaches no conclusion about quality, thereby negating possible
3 gains by a temporary void in the marketplace.

4 80. Brand visibility, by having a VWoA dealer on the I-10 Freeway, would significantly
5 increase both intrabrand and interbrand competition.⁹² The proposed location for the Montclair
6 dealership is in an auto mall which has Honda and other brands which are primary competitors of
7 Volkswagen. The extent to which the Honda dealership would compete against the intended
8 Volkswagen dealership cannot be determined as, if the Volkswagen dealership is established, both
9 dealerships would have common ownership.

10 81. The next analysis by Mr. Farhat involved determining that there should be 3.9 VWoA
11 dealers in the Riverside-San Bernardino market to meet or exceed the California represented average.⁹³
12 Mr. Roesner's analysis indicates 4.2 dealers are necessary.⁹⁴ Although both experts agree that four
13 VWoA dealers in the Riverside-San Bernardino market would meet or exceed the California represented
14 average, Mr. Roesner believes this is not the time to establish a new dealership in the market. Mr. Farhat
15 emphasized that this is one indicator that there are not enough dealers in the market - some markets need
16 more dealers than average based on distance and competition from other brands.⁹⁵ Protestant argues that
17 4 is an absolute maximum number permitted, and that the Redlands Open Point should be established
18 before Montclair. Although the experts seem to agree that another Volkswagen dealership is needed to
19 raise the number in the Riverside-San Bernardino market to be between either 3.9 or 4.1 dealers, the
20 Board is charged with considering the effect upon the retail motor vehicle business and the consuming
21 public in the "relevant market area." The RMA currently has one Volkswagen dealer within it but it also
22 has three other Volkswagen dealers the PAIs of which are located within the RMA. That makes four
23 Volkswagen dealers already serving the RMA and the question is whether there should be a second
24 Volkswagen dealership established at the proposed address in Montclair (the epicenter of the RMA)

25
26 ⁹² Intrabrand competition is where dealers of the same line-make, i.e., Volkswagen, are competing with each other. (RT Jan.
27 12, p. 74) Interbrand competition is where dealers of a different line-make, such as Toyota and Honda are competing with each
28 other. (RT Jan. 14, p. 111)

⁹³ Jt. Exh. 44, p. A-41.

⁹⁴ Jt. Exh. 43, Supp. Tab 44, p. 2.

⁹⁵ RT Jan. 13, p. 166.

1 which would mean that there would be five Volkswagen dealerships designated by VWoA as being
2 responsible for serving the RMA .

3 82. Mr. Roesner concludes that because there are a lot of Volkswagen sales in and around
4 Montclair, this will significantly impact Ontario VW. The “dots” for registrations and the density of
5 population as well as the household income are all clustered in or closer to the Montclair location than to
6 the Ontario VW location.⁹⁶

7 83. A dealer’s ability to penetrate a market is influenced by the customer’s distance from the
8 dealer. Mr. Roesner concludes that proximity is only one factor in analyzing the effectiveness of a
9 dealer. But in his analysis he believe that the closer the customer lives to a dealership, the more likely
10 that customer is to visit.⁹⁷ Mr. Farhat’s analysis indicates that after 8 miles, for whatever reason (roads,
11 competition from other brands), a dealer cannot be expected to reach a high level of penetration.⁹⁸

12 84. Customer convenience can be determined by measuring the average distance to the nearest
13 Volkswagen dealer, or alternatively, by measuring the average time it takes to drive that distance.⁹⁹

14 85. In the Montclair PAI, the average distance to the nearest VWoA dealer is 8.2 miles.¹⁰⁰ By
15 contrast, the average distance to the nearest Honda dealer and the nearest Toyota dealer is 4.4 miles; to
16 the nearest Nissan dealer 4.5 miles.¹⁰¹

17 86. Mr. Roesner provides drive time in minutes between the proposed Montclair dealer and
18 Ontario VW. It takes between 14.8 and 16.4 minutes depending on traffic.¹⁰²

19 87. Mr. Farhat concludes that the market is too big. Based on convenience for the customer,
20 another dealer is necessary. Mr. Roesner’s analysis describes the loss of territory which will eliminate
21 Ontario VW’s proximity advantage, and he concludes that an additional dealership will negatively impact
22 Ontario VW’s performance.¹⁰³

23

¹⁰⁰ Jt. Exh. 44, p. A-51.

¹⁰¹ Jt. Exh. 44, p. A-51.

¹⁰² Jt. Exh. 42, Tab 7, p. 1.

¹⁰³ Jt. Exh. 42, Tab 44.

1 88. If there is to be another VWoA dealer, it is important to analyze the impact on other
2 VWoA dealers and their viability. The reason another dealership is allegedly needed in the Riverside-
3 San Bernardino market is to capture lost sales. It would be a waste of resources and would be harmful to
4 the existing dealer within the RMA for VWoA to suggest the need for another dealer location if the new
5 “add point” would simply shift sales from one dealer to another.¹⁰⁴ In this case, sales would be shifted
6 from Ontario VW to the new Montclair dealership.

7 89. Ontario VW has been in business since 1995. The evidence establishes that it is a
8 profitable and well-managed dealership. During the economic downturn that severely impacted the
9 automobile industry, Mr. Sherman took steps to protect his dealership by reducing the number of
10 employees, and lowering some wages and rent. In 2009, Mr. Sherman was able to take a salary and a
11 \$120,000 bonus.¹⁰⁵ As stated below, Mr. Sherman is no longer taking a salary.

12 90. Mr. Roesner provided calculations of lost profits for Ontario VW should the Montclair
13 dealership be established. The “Low Model” of lost net profit, before tax, would be \$448, 909.¹⁰⁶ The
14 “High Model” would be a loss of \$727,100.¹⁰⁷ However, Mr. Roesner agrees that a “good” dealer -- one
15 who manages well -- can have an impact on profitability. As to the “High Model” figure, Mr. Roesner
16 conceded that this was a worst case scenario, not what he was predicting the impact would be.¹⁰⁸ Mr.
17 Roesner’s analysis of loss to Ontario VW is based upon actual data, and he declined to speculate on any
18 sales numbers which might be increased due to the new Volkswagen campaign, which he labels “pie-in-
19 the-sky.” This analysis does not take into account any additional profit Ontario VW might make as a
20 result of the new dealership, which, for example, would stimulate sales by increasing brand awareness on
21 the I-10 Freeway, and by possibly increasing advertising expenditures.

22 91. The experts disagree on their interpretation of the “fixed pie” theory. The “pie” represents
23 the available automobile business in a market. Each dealer in the market would have a piece of the pie,
24 and each piece would be a different size, depending upon the dealer’s sales in the market. If another
25

26 ¹⁰⁴ RT Jan. 13, p. 179.

27 ¹⁰⁵ Scheline Depo. pp. 51 – 52.

28 ¹⁰⁶ Jt. Exh. 42, Tab 37, p. 2.

¹⁰⁷ Jt. Exh. 42, Tab 37, p. 1.

¹⁰⁸ RT Jan. 12, pp. 140 – 141.

1 dealer enters the market, each is likely to have a smaller piece of the pie.

2 92. Mr. Farhat does not believe that in the automobile industry the “pie” is fixed. He contends
3 that the pie increases in size because new business is available (such as the new Passat), the brand is
4 stimulated (by having a dealer with visibility on the I-10 Freeway), and households increase, providing
5 more opportunity.¹⁰⁹ Mr. Farhat and Mr. Roesner agree that if a dealer’s piece of the pie gets smaller
6 when there is additional competition, that is because the dealer failed to capture as much of the
7 new business as they would have without the new dealer.¹¹⁰

8 93. Mr. Farhat contends that Mr. Roesner’s analysis is faulty because he acknowledges
9 growth in opportunity will occur. But he does not take that growth into account in his analysis.¹¹¹ Mr.
10 Roesner has said there is a possibility of some increase in available sales in the Riverside-San Bernardino
11 market, particularly in the Montclair PAI. However, he does not agree with the level of increases
12 suggested by Mr. Farhat.¹¹²

13 94. Mr. Roesner places heavy reliance on the situation with Puente Hills Volkswagen in the
14 City of Industry and Bozzani Volkswagen in Covina to support his contention that the addition of a
15 Montclair dealership will result in cannibalization of Ontario VW’s sales.

16 95. In 2006, Puente Hills Volkswagen closed.¹¹³ That closure permitted Bozzani Volkswagen
17 to capture sales from the Puente Hills PAI. In January of 2010, Puente Hills reopened, which, according
18 to Mr. Roesner, caused Bozzani’s sales to decrease. Mr. Roesner analogized this set of facts with what
19 he concludes will happen if a Montclair dealership is established: the Montclair dealership will take sales
20 from Ontario VW in the same manner as Puente Hills took sales from Bozzani. In addition, although
21 Bozzani is not physically located in the Montclair RMA, Bozzani’s PAI, as assigned to it by VWoA, is
22 partially within the Montclair RMA, and is part of the retail motor vehicle business in the area that must
23 be considered by the Board in determining the potential effect of establishing a dealer in Montclair.
24 Bozzani’s sales were affected by the re-opening of the Puente Hills dealership and Bozzani’s sales in that

¹¹² RT Jan. 14, pp. 184-185.

¹¹³ No competent evidence was provided by either party to explain why the dealer voluntarily terminated the franchise.

1 portion of the RMA, for which VWoA holds Bozzani contractually accountable, will likely be affected
2 by the establishment of a dealership in Montclair.

3 96. Mr. Roesner pointed out that there are many aspects which impact dealer effectiveness and
4 competence, and there is a wide variation in how well individual dealers perform.¹¹⁴ Mr. Bozzani
5 testified that for the past two years he has not been concentrating on his Volkswagen dealership but rather
6 on his Kia dealership, and this has affected his ability to be the best Volkswagen dealer.¹¹⁵ Mr. Roesner
7 did not take this into account in his report.¹¹⁶

8 97. Although several VWoA employees mentioned that Mr. Sherman had “lost focus”
9 recently, Mr. Sherman has evidenced a concern for his dealership, and management at the dealership is
10 considered good.

11 98. Following his analysis of the proposal to establish a Volkswagen dealership in Montclair,
12 Mr. Roesner concluded that it is premature to add an additional dealer at this time¹¹⁷ and although
13 Volkswagen sales and registrations will increase in the next two to three years,¹¹⁸ VWoA’s plans to
14 increase sales in the United States by the numbers it projects is “pie in the sky”.¹¹⁹ VWoA’s enthusiastic
15 plans to increase sales may be overly optimistic at least in relation to the RMA at issue.

16 99. Mr. Farhat concluded that there is sufficient lost opportunity to permit establishment of
17 the Montclair dealership without subjecting Ontario VW to ruinous competition. Ontario VW is a viable,
18 well-managed business.

19 100. There will be an adverse effect upon Ontario VW if the proposed dealership in Montclair
20 captures significant sales within that area of the RMA. There will also be an adverse effect on Ontario
21 VW’s business because of penetration into other areas by the Montclair dealership in which both Ontario
22 VW and the [new] Montclair dealership would be selling vehicles, and obtaining service customers.
23 Many if not most of the Ontario VW sales registrations in the RMA are much closer to the Montclair PAI
24 than to the Ontario PAI with the difference attributable to the much more favorable demographics in that

1 portion of the RMA in which the Montclair PAI is situated.

2 **FINDINGS RELATING TO PERMANENCY OF INVESTMENT [SECTION 3063(a)]**

3 101. Mr. Sherman has been a Volkswagen dealer since 1995.¹²⁰

4 102. Ontario VW is located in the Ontario Auto Center, a mall which includes Volkswagen's
5 primary competitive brands.¹²¹

6 103. In 2003, Mr. Sherman built what VWoA calls a Market Place Facility, Type A.¹²² The
7 property is valued at \$1 million. The value of the property, facility, fixtures, furniture, equipment,
8 flooring, and money loaned by Mr. Sherman as operating capital is approximately \$11 million.¹²³

9 104. Ontario VW had 45 employees in September 2010. Due to a decline in the economy, this
10 is a decrease from 53 and constitutes a 15% reduction in its personnel.¹²⁴ In 2009, in light of the decline
11 in the economy, most employees were required to take a pay cut, and the amount of rent was reduced.¹²⁵
12 In 2009, the total salary for Mr. Sherman and Mr. Reed was \$238,194, and Mr. Sherman's bonus was
13 \$120,000.¹²⁶ Mr. Sherman testified that he does not, at this time, take a salary.¹²⁷ Ontario VW has been
14 able to adjust for the downturn in the economy, and the business will likely remain viable. However, the
15 Riverside-San Bernardino market is recovering more slowly than other areas of the nation and even more
16 slowly than other areas in California.

17 105. Ontario VW's profit for 2008 was \$193,800; for 2009, \$328,000; estimated profit for 2010
18 is \$230,000 to \$240,000.¹²⁸ Mr. Sherman testified that the value of Ontario VW will drop dramatically
19 if the Montclair dealership is opened under the management of someone other than Shayco, Inc.¹²⁹
20 The investment of Ontario VW in the dealership is sizeable and permanent. Whether this investment will
21 be negatively affected by the establishment of the proposed dealership in Montclair will depend upon the
22

1 extent of lost sales by Ontario VW in the RMA.

2 **FINDINGS RELATING TO EFFECT ON THE RETAIL MOTOR VEHICLE BUSINESS AND**
3 **THE CONSUMING PUBLIC IN THE RELEVANT MARKET AREA [SECTION 3063(b)]**

4 106. The RMA in this case has within it what VWoA has designated as Primary Areas of
5 Influence (“PAI”). The PAI is a geographical area identified by VWoA with each dealer or open point
6 assigned its own and unique PAI. The PAI will be made up of census tracts nearest each dealer but will
7 not extend beyond 20 miles.¹³⁰ Each census tract has approximately 4,000 people.¹³¹

8 107. PAIs don’t belong to the assigned dealer - any Volkswagen dealer can sell to residents in
9 any PAI.

10 108. As indicated above, the RMA is a statutory construct, it encompasses an area within a 10
11 mile radius from the proposed new dealership and it is the specific area that is the focus of Section
12 3063(b). In this case, the Montclair RMA contains portions of the PAIs of four existing Volkswagen
13 dealers, which are Ontario VW, Cardinale Way VW in Corona, Bozzani VW in Covina, and Puente Hills
14 VW¹³² along with what VWoA has designated as the Montclair PAI.¹³³ This means that, although
15 Ontario VW is the only dealership physically located within the RMA with the right to protest, it is only
16 one of the four dealers whose PAIs include some portion of the RMA and who have a responsibility
17 assigned to them by VWoA. It is these four dealers who have been assigned PAIs by VWoA for the
18 marketing of Volkswagen vehicles in a designated portion of the RMA and for providing customer care
19 to Volkswagen owners in those designated portions of the RMA. All four of these dealers have PAIs that
20 not only abut the Montclair PAI but also extend into and are part of the Montclair RMA.

21 109. Although VWoA has assigned dealers their own PAIs for various reasons, the legislature
22 has focused upon the RMA for determining market area. Section 3063(b) states that the Board must
23 consider the “effect on the retail motor vehicle business and the consuming public in the relevant market
24 area”. In this case, the “retail motor vehicle business... in the relevant market area” includes not only
25

26 ¹³⁰ RT Jan. 12, pp. 28, 29.

27 ¹³¹ RT Jan. 12, p. 21.

28 ¹³² Jt. Exh. 44, p. A-5, incorporated herein as Attachment 3 (“CA, Riverside-San Bernardino, +10 Mile RMA Census Tracts”);
Declaration of Joseph F. Roesner [on Remand], Tab 22, p. 1, incorporated herein as Attachment 4.

¹³³ Declaration of Joseph E. Roesner, Remand Report, Tab 22, p. 1.

1 Ontario Volkswagen but also those other three dealers who are contractually assigned, and in various
2 ways held responsible for, a portion of the “relevant market area” by the franchisor. Although the other
3 three dealers have no standing to protest, their PAIs give them a “business presence” in the RMA. They
4 also have a significant interest in the RMA because of their contractual obligation to VWoA in regard to
5 some portions of the RMA. Therefore the other three dealers, and the customers they serve, along with
6 Ontario VW, together comprise “the retail motor vehicle business and the consuming public in the
7 relevant market area.”

8 110. The RMA is already served by the four existing Volkswagen dealers, each of which are
9 obligated by their contracts with VWoA to provide sales, service and parts to Volkswagen customers and
10 prospective customers within the RMA.¹³⁴ Protestant captures the greatest volume of Volkswagen
11 business in the RMA, but the other three Volkswagen dealers also depend on the RMA for a percentage
12 of their Volkswagen business, as they provide coverage for the Volkswagen brand in the RMA and
13 throughout the Montclair PAI.¹³⁵

14 **Sales within the Montclair PAI**

15 111. By the very definition of “relevant market area” in the Vehicle Code, the address of the
16 proposed dealership in the Montclair PAI, is the epicenter of the RMA.

17 112. The following are the sales made into the Montclair PAI by the four dealerships whose
18 PAIs are within the RMA.

19 113. As for the Montclair PAI, in 2009, Bozzani VW made 60 sales in the Montclair PAI
20 accounting for 12.8% of its total sales. Cardinale Way VW made 34 sales or 9.3% of its total sales in the
21 Montclair PAI, and Protestant captured 116 sales, representing 19.4% of its total sales volume. Looked
22 at another way, Bozzani VW, Cardinale Way VW and Protestant made more than 70% of all Volkswagen
23 sales within the Montclair PAI.¹³⁶ What sales were made by these dealers during this time period within
24 the entire RMA is discussed below.

25 114. The Volkswagen dealership in Puente Hills was reopened in January 2010 and now also
26

27 ¹³⁴ Declaration of Joseph E. Roesner, Remand Report, Tab 22, p. 1.

28 ¹³⁵ Declaration of Joseph E. Roesner, Remand Report, Tab 1.

¹³⁶ Declaration of Joseph E. Roesner, Remand Report, Tab 1, p. 1.

1 serves the RMA. This reopening in 2010 resulted in the four currently-existing Volkswagen dealerships
2 the PAIs of which are included within the Montclair RMA.¹³⁷

3 115. Through July 2010 year-to-date, the four dealers in the following chart accounted for
4 76.8% of new Volkswagen sales in the Montclair PAI.¹³⁸ This chart illustrates the New Volkswagen
5 Retail Car and Light Truck Buyer Behavior Report for the Riverside - San Bernardino Plus Fringe PAIs
6 after Add Point, July 2010 year-to-date:¹³⁹

Dealership	Montclair PAI %
Puente Hills	10.1% of all Volkswagen sales in the Montclair PAI
Cardinale Way	10.1% of all Volkswagen sales in the Montclair PAI
Bozzani Motors	16.7% of all Volkswagen sales in the Montclair PAI
Ontario VW	39.9% of all Volkswagen sales in the Montclair PAI

7
8
9
10
11
12 Again, what sales were made by these dealers during this time period within the entire RMA is discussed
13 below.

14 116. The Montclair Open Point has been unassigned since 2006.

15 117. If the Montclair dealership is established, it will take at least 2 years to complete its new
16 facility.¹⁴⁰ Therefore, it would not be ready to operate before 2014.

17 118. According to Respondent, the reason another dealership is needed in the Riverside-San
18 Bernardino market is to capture lost sales.¹⁴¹

19 119. While Protestant's expert agrees that another dealer is needed in the Riverside-San
20 Bernardino market, he believes this is not the correct time.¹⁴² Protestant continues to argue that the
21 Inland Empire is "mired in a recession" and headed for a double-dip recession.¹⁴³ Protestant also notes
22 that experts have lowered estimates for 2011, 2012, and 2013 automobile sales, citing among other

1 factors, weak consumer confidence.¹⁴⁴

2 120. Volkswagen dealers whose PAIs are part of the Montclair RMA have made these sales
3 recently:

4 **New Volkswagen Vehicle Sales into the Montclair RMA¹⁴⁵**

5 Year	Ontario	%	Cardinale	%	Bozzani	%	Puente Hills	%
6 2009	217 ¹⁴⁶	40.5%	54	10.1%	124	23.1%	Not open	
7 2010	229	35.4%	60	9.3%	106	16.4%	73	11.3%
8 3/2011	62	35.8%	15	8.7%	25	14.5%	22	12.7%

9
10 As can be seen, the percentage of each dealer’s sales in the RMA dropped upon the re-opening of Puente
11 Hills VW in 2010. Ontario VW went from 40.5% in 2009 to 35.4% in 2010 and 35.8% in the first
12 quarter of 2011. Cardinale Way VW went from 10.1% to 9.3% and 8.7%. Bozzani VW, the dealer
13 nearest to the Puente Hills location, dropped in sales and also dropped in percentages from 23.1% to
14 16.4% and 14.5%.¹⁴⁷

15 121. Experts for both parties agree that “in-sell”, where sales are made by a dealer whose
16 physical location is outside an area into that area, are to be expected.¹⁴⁸

ONTARIO VW

122. The following chart illustrates Ontario VW's New Volkswagen Retail Car and Light Truck Sales Effectiveness in 2-Mile Rings around Ontario for 2009:¹⁴⁹

Radius in Miles	Ontario VW's Sales	Volkswagen Registration at Average*	Volkswagen Registrations	Ontario's Sales Effectiveness
0-2	3	7	5	42.9%
2-4	30	74	51	40.5%
4-6	74	181	114	40.9%
6-8	87	214	152	40.7%
8-10	62	192	137	32.3%
10-12	31	257	187	12.1%
12-14	24	241	183	10.0%
14-16	20	234	177	8.5%
16-18	16	235	167	6.8%
18-20	19	262	180	7.3%

* Average based on Volkswagen as a Percent of Primary Competitive Group by Segment in California Represented.

123. The following chart illustrates the proximity between Ontario VW and select Volkswagen dealers:

Air Distance in Miles Between Ontario VW and Select Volkswagen Dealers¹⁵⁰					
	Riverside	Cardinale Way	Bozzani Motors	Puente Hills	Montclair Add Point
Distance from Ontario	11.5	12.7	19.8	22.6	8.7
Half Distance from Ontario	5.8	6.4	9.9	11.3	4.4

Riverside, Cardinale Way, and Bozzani Motors are closer in proximity to potential customers than Ontario VW starting at 5.8 miles from Ontario VW. If the Montclair Volkswagen dealership is established it will have a proximate advantage beginning at 4.4 miles from Ontario VW. The establishment of the Montclair dealership will remove the opportunity available to Ontario VW outside of four miles.¹⁵¹ Given the close proximity of Montclair to Ontario VW, and the lack of residential areas around Ontario VW, there is little sales opportunity within four miles of Ontario VW and the

¹⁴⁹ Declaration of Joseph E. Roesner, Remand Report, Tab 5, p. 2.

¹⁵⁰ Declaration of Joseph F. Roesner, Remand Report, para. 18-22; Tab 6, p. 1

¹⁵¹ Declaration of Joseph F. Roesner, Remand Report, para.23.

1 establishment of Montclair will diminish the opportunity outside of four miles that Ontario VW relies
2 on.¹⁵²

3 124. Ontario VW has spent 15 years working to establish the Montclair PAI as part of its
4 market, it depends on that market, and it contends that if the Montclair dealership is established, Ontario
5 VW suffer serious financial peril.¹⁵³ Mr. Roesner, Protestant's expert, concludes that if the Montclair
6 open point is filled, and either the Victorville or Redlands point is filled, Ontario VW's business will
7 decrease by more than 50%. In addition, it will have no future opportunity to capture lost sales.¹⁵⁴
8 Therefore, Protestant argues, the Board should not permit the Montclair open point to be filled. It should
9 also be noted that Ontario VW will not have protest rights if the Victorville or Redlands open points are
10 filled (see below).

11 125. Mr. Farhat concludes that for new vehicle sales, used vehicle sales, and service business,
12 there is more than enough opportunity in Ontario's own PAI to re-capture any loss that might occur if the
13 Montclair dealership is established.¹⁵⁵

14 126. Victorville is an open point.¹⁵⁶ Volkswagen has withdrawn its Letter of Intent with a
15 candidate for the Victorville open point.¹⁵⁷ No other candidate for the Victorville open point has been
16 identified.¹⁵⁸

17 127. Redlands is also an open point.¹⁵⁹ At this time there is no candidate to fill the Redlands
18 open point.^{160 161}

19 128. Protestant contends that it consistently outperforms the market and has such a high
20 performance level that there are no areas to substantially improve to make up for the lost sales in the

21 ///

22
23 ¹⁵² Declaration of Joseph F. Roesner, Remand Report, para.23.

24 ¹⁵³ RT Jan. 11, p. 77; Declaration of Gary Sherman [on Remand], para. 2, Exh. A.

25 ¹⁵⁴ Declaration of Joseph F. Roesner [on Remand] para. 7 (d), (e), and (f), and 40-41.

26 ¹⁵⁵ Declaration of Sharif Farhat on Remand, para. 5, para. 14; Exhs. Remand -1 through Remand - 9.

27 ¹⁵⁶ Supplemental Declaration of Anthony Ray on Remand, para. 2.

28 ¹⁵⁷ Supplemental Declaration of Anthony Ray on Remand, para. 2.

¹⁵⁸ Supplemental Declaration of Anthony Ray on Remand, para. 2.

¹⁵⁹ Supplemental Declaration of Anthony Ray on Remand, para. 3.

¹⁶⁰ Supplemental Declaration of Anthony Ray on Remand, para. 3.

¹⁶¹ The opinion of Protestant's expert, Mr. Roesner, that there is a large probability that Volkswagen will fill the Victorville and Redlands open points simply because Ontario VW will not have standing to file a protest, is rejected; there is no evidence in the record to support this opinion. Roesner Remand Report, para. 57.

1 Montclair PAI.¹⁶²

2 129. On remand, Mr. Roesner offers another reason to support Protestant's position: the coast
3 v. inland area theory. Mr. Roesner opines that the coastal dealerships in California have higher average
4 sales because the surrounding population has more education, which results in technology-related and
5 white collar professional careers.¹⁶³ Inland dealerships have lower average sales because they are
6 surrounded by a population which is less educated and holds blue collar jobs.¹⁶⁴

7 130. Mr. Farhat and Mr. Roesner have differing opinions on the projected growth of
8 Volkswagen sales. Mr. Farhat and Mr. Ray foresee increasing growth in volume, especially with the
9 introduction of the redesigned Passat and redesigned Beetle. Mr. Roesner notes that recent Volkswagen
10 growth can be attributed to the earthquake in Japan, which resulted in a reduction of inventory of Toyota,
11 Honda, and other Asian brand inventory. This enabled Volkswagen and other manufacturers to
12 temporarily increase sales.¹⁶⁵ Mr. Roesner projects that Volkswagen sales will drop once the Asian
13 markets have recovered.

14 **BOZZANI VOLKSWAGEN**

15 131. According to Greg Bozzani, Bozzani VW has captured a "significant amount" of business
16 "in the Montclair market".¹⁶⁶

17 132. In January 2011, Mr. Bozzani testified that he hadn't analyzed how a potential Montclair
18 dealership would affect his dealership, but he thought it would have an adverse effect on sales, service
19 and parts.¹⁶⁷ On remand, Mr. Bozzani indicates that in addition to the unspecified amount of lost
20 business in the Montclair market, he is concerned about lost sales, service and parts in the Covina PAI,
21 which is where Bozzani VW is located.¹⁶⁸

22 133. Bozzani VW depends upon sales into the Montclair RMA because it feels pressured by the

23 ///

24 _____

25 ¹⁶² Declaration of Earl Reed [on Remand], para. 11.

26 ¹⁶³ Declaration of Joseph F. Roesner, Remand Report, para. 45, Tab 16, p. 1.

27 ¹⁶⁴ Declaration of Joseph F. Roesner, Remand Report, para. 45, Tab 16, p. 1.

28 ¹⁶⁵ Reply Declaration of Joseph F. Roesner, para. 3a, 3b, 3c, 3d, and 3e.

¹⁶⁶ Declaration of Greg Bozzani [on Remand], para. 6.

¹⁶⁷ RT Jan. 11, p. 119-120.

¹⁶⁸ Declaration of Greg Bozzani [on Remand], para. 6.

1 new Puente Hills dealership in the City of Industry PAI.^{169 170}

2 134. Mr. Bozzani testified that for the past two years he has not been concentrating on his
3 Volkswagen dealership but rather on his Kia dealership, and this has affected his ability to be the best
4 Volkswagen dealer.¹⁷¹

5 135. If the Montclair dealership is established, there will be an increase in competition in the
6 Montclair RMA and in the contiguous PAIs'; however, this will likely occur to the detriment of all of the
7 current Volkswagen dealers within the RMA.¹⁷²

8 **PUENTE HILLS VW AND CARDINALE WAY VW**

9 136. As indicated in the chart above in paragraph 120, Cardinale Way VW sold 54 new
10 Volkswagen vehicles into the Montclair PAI in 2009 and 60 new Volkswagen vehicles in 2010. Puente
11 Hills VW, when it reopened, sold 73 new Volkswagen vehicles in 2010 into the Montclair PAI.

12 137. Although there is no evidence of any substantial negative effect on these dealerships, it is
13 likely that some of their customers that are in the Montclair PAI or elsewhere in the RMA will be lost
14 and it is certain that the Montclair dealership would sell into the Puente Hills and Cardinale Way PAIs.

15 **EFFECT ON CONSUMING PUBLIC**

16 138. The Montclair RMA is projected to grow by 16,000 households in the next five years.¹⁷³
17 The largest growth is anticipated on the west end of the Inland Empire around Montclair.¹⁷⁴

18 139. The average distance in the Montclair PAI to the nearest Volkswagen dealership is 8.2
19 miles; if the Montclair dealership is established 8.65 to 8.7 air miles away from Protestant, it will be
20 reduced to less than 4.5 miles.¹⁷⁵

21 140. The shortest surface route in miles between Ontario VW and the proposed Montclair

22 ///

23 _____

24 ¹⁶⁹ Declaration of Greg Bozzani [on Remand], para. 5; Declaration of Joseph Roesner [on Remand], para. 9; Tab 1, pp. 1-2.

25 ¹⁷⁰ As discussed above, Mr. Roesner's opinion that Puente Hills is cannibalizing sales from Bozzani is rejected because he
26 omitted a material fact in his analysis - Mr. Bozzani's admitted inability to be the best Volkswagen dealer. From this flawed
27 example, Mr. Roesner concludes that a Montclair dealership will equally impact Ontario VW; as discussed above, this
28 conclusion is rejected because unlike Mr. Bozzani, Mr. Sherman has not been distracted by his other dealership.

¹⁷¹ RT Jan. 11, p. 143.

¹⁷² RT Jan 10, p. 210-211; RT Jan 11, pp. 27, 120-121.

¹⁷³ Jt. Exh. 44, p. A-27.

¹⁷⁴ RT Jan. 19, pp. 135-136.

¹⁷⁵ Jt. Exh. 44, p. A-51.

dealership is 10 miles; the shortest surface route in minutes is 14.8 to 16.4 minutes.¹⁷⁶

141. Consumers would have increased convenience with the establishment of an additional Volkswagen dealership.

SERVICE

142. If the Montclair dealership is approved, and assuming there are no further legal challenges, it would normally take 2 years to build the facility and open the dealership; therefore, changes in the service business most likely will not occur before 2014.

143. However, Mr. Sherman testified that it would take more than 2 years and perhaps as long as 4 to 5 years for a new dealership to come up to speed on service business.¹⁷⁷ Therefore, at the earliest, the Montclair dealership would possibly take until 2016 to provide an adequate level of service and compete with Ontario VW.

144. Units in operation (“UIOs”) refer to the number of Volkswagen vehicles still operating on the road, and UIOs may indicate the potential for service and parts needs. The following chart illustrates the number of Volkswagen vehicle owners who get their vehicles serviced by Volkswagen dealerships and demonstrates the importance of the Montclair PAI on Ontario VW:

Volkswagen Service Vehicles as a Percent of Volkswagen 7-Year UIOs for 2010¹⁷⁸

Service Vehicles	Montclair PAI	%	Ontario PAI	%
Puente Hills Service Vehicles % 7-Year UIOs	76 3.3%	7.4%	18 0.8%	1.7%
Cardinale Way Service Vehicles % 7-Year UIOs	176 7.7%	7.7%	92 4.1%	4.0%
Bozzani Motors Service Vehicles % 7-Year UIOs	500 21.8%	18.7%	81 3.6%	3.0%
Ontario VW Service Vehicles % 7-Year UIOs	968 42.2%	22.5%	1,527 68.3%	35.4%

In 2010, Ontario VW had 968 Volkswagen vehicles coming from the Montclair PAI; this is more vehicles than the rest of the dealers in the market combined.¹⁷⁹

¹⁷⁸ Declaration of Joseph F. Roesner, Remand Report, para. 33; Tab 10, p. 1

¹⁷⁹ Declaration of Joseph F. Roesner, Remand Report, para. 33; Tab 10, p. 1.

1 145. Mr. Farhat analyzed the service business performed by Ontario VW in the Ontario PAI
2 and elsewhere in the Riverside-San Bernardino market (excluding the Montclair RMA) during 2009 and
3 2010, and he concluded that customers tended to have their vehicles serviced at non-Volkswagen
4 dealerships. Therefore, there are more than sufficient service opportunities in the Ontario PAI and the
5 Riverside-San Bernardino market to offset the amount of service business Ontario VW does in the
6 Montclair RMA.¹⁸⁰

7 146. Future growth may also provide additional service opportunities, either through industry
8 growth or through an increase in Volkswagen market share.¹⁸¹ As Volkswagen sales increase, this will
9 increase the number of UIOs which are available for dealers to service.¹⁸²

10 147. According to Mr. Sherman, Ontario VW would lose 20-30% of its service business, and
11 there is not sufficient service business for both Ontario VW and a Montclair dealership.¹⁸³ From July 1,
12 2009 to June 30, 2011, Ontario VW's service market share was 39.3%.¹⁸⁴ This service market share is a
13 measure of customer loyalty, and Volkswagen's goal for dealers is to be at or above 50%.

14 148. Mr. Sherman agrees that his dealership has the capacity to double its service business, and
15 he attributes the drop off in service business to the economy.¹⁸⁵

16 149. Recently, Ontario VW has not been effectively utilizing Volkswagen tools to market its
17 service business. Service customers are requested to provide their email addresses so that Customer
18 Experience Surveys may be sent to them, and so that Volkswagen and the individual dealer can market
19 service business with coupons and other incentives to bring the customer into the dealership.¹⁸⁶

20 150. Customers may "unsubscribe" to the email marketing themselves, or the dealer may
21 unsubscribe a customer at his or her request. The nationwide unsubscribe rate from February 2011 to
22 June 2011 is 4.68% compared to Ontario VW's unsubscribe rate of 58.88%.¹⁸⁷

23 151. This means that more than half of Ontario VW's customers have not been receiving

¹⁸⁶ Declaration of Kurt Thomas on Remand, para. 2.

¹⁸⁷ Declaration of Kurt Thomas on Remand, para. 7, para. 8, R. Ex – Remand Thomas – 1.

1 marketing information which might encourage them to return to the dealership, and Mr. Sherman has
2 agreed to have his staff trained to remedy this problem.¹⁸⁸

3 152. Ontario VW has the opportunity within its PAI and within its organization to increase its
4 service business to compensate for at least part of any loss from the proposed Montclair dealership.

5 **USED VOLKSWAGENS**

6 153. There are two types of used Volkswagen vehicles: (1) Certified Pre-Owned (“CPO”); and
7 (2) other used Volkswagens.

8 154. Ontario VW does a significant amount of used car business in the Montclair PAI, and
9 Protestant contends that establishment of the Montclair dealership will have an impact on those sales.¹⁸⁹
10 In 2010, 14.9% of Ontario VW’s CPO sales came from the Montclair PAI. With 18 CPO sales into the
11 Montclair PAI, Ontario VW sold 26.9% of all CPO Volkswagen vehicles registered in the Montclair PAI;
12 far more than any other dealer.¹⁹⁰ The following chart illustrates this impact:

13 **Certified Pre-Owned Retail Car and Light Truck Buyer Behavior Report for 2010¹⁹¹**

Certified Pre-Owned Volkswagens	Montclair PAI	%	Ontario PAI	%
Puente Hills	9	9.1%	5	5.1%
% PAI Sum	13.4%		6.6%	
Cardinale Way	5	3.7%	11	8.2%
% PAI Sum	7.5%		14.5%	
Bozzani Motors	11	9.7%	8	7.1%
% PAI Sum	16.4%		10.5%	
Ontario VW	18	14.9%	23	19.0%
% PAI Sum	26.9%		30.3%	

14
15
16
17
18
19 155. Competition for used Volkswagen vehicles is intense. This is especially true since 2010,
20 when Volkswagen changed its incentive program for CPOs, spurring some dealers to increase
21 participation in the program.¹⁹²

22 156. Volkswagen dealers receive monthly sales objectives for CPOs and for used
23 Volkswagens.¹⁹³

24 ///

25
26 ¹⁸⁸ Declaration of Kurt Thomas, para. 10, para. 11.

27 ¹⁸⁹ RT Jan. 10, p. 101.

28 ¹⁹⁰ Declaration of Joseph F. Roesner, Remand Report, para. 27; Tab 8 p. 1.

¹⁹¹ Declaration of Joseph F. Roesner, Remand Report, para. 27; Tab 8 p. 1.

¹⁹² RT Jan. 10, pp. 80-87; Prot. Exh. 103.

¹⁹³ RT Jan. 10, pp. 80-87.

1 157. Competition is active, but there is no shortage of lease returns, which have a 3 year cycle
2 of coming back into the market.¹⁹⁴

3 158. Increased sales of new Volkswagens to current owners of Volkswagens would add to the
4 Volkswagen used vehicle inventory. Increased sales will depend, in part, on the success of the
5 redesigned Passat, Beetle, and Touareg.

6 159. Ontario VW has the opportunity to capture used vehicles sales now made by non-
7 Volkswagen dealers.¹⁹⁵

8 160. From 2009 to March 2011, between 29.8% and 40.5% of Ontario VW's CPO sales were
9 to consumers located in the Montclair RMA. The Montclair area is critical to Ontario VW for vehicle
10 sales.¹⁹⁶

11 161. In 2009, Ontario VW sold 156 CPOs: 31 in the Montclair PAI, 45 in the Ontario PAI, and
12 88 in the Riverside-San Bernardino market, excluding Montclair.¹⁹⁷

13 162. In 2009, Ontario VW sold 41 used vehicles in the Montclair PAI, and non-Volkswagen
14 dealers sold 88 used Volkswagens in the Ontario PAI; 542 used Volkswagens were sold by non-
15 Volkswagen dealers in the Riverside-San Bernardino market, excluding Montclair.¹⁹⁸

16 163. The establishment of the additional dealership in Montclair will likely have a negative
17 impact upon the sale by Ontario VW of used Volkswagens, both CPO units and non-CPO units as the
18 buyers of those vehicles will be more apt to buy from the nearer dealer which will be in Montclair.

19 WHOLESALE PARTS

20 164. In addition to parts sold to customers and as a component of its service business, Ontario
21 VW has a wholesale parts business. The Montclair PAI is closer to a significant
22 number of Ontario VW's wholesale parts customers.¹⁹⁹ The following chart illustrates this:²⁰⁰

23 ///

24
25 ¹⁹⁴ RT Jan. 10, p. 88.

26 ¹⁹⁵ Declaration of Sharif Farhat on Remand, para. 15; Exhs. Remand - 4, Remand - 5, Remand - 6.

27 ¹⁹⁶ Declaration of Joseph F. Roesner, Remand Report, para. 29, Tab 8, p. 2.

28 ¹⁹⁷ Declaration of Sharif Farhat on Remand, para. 16; Exh. Remand - 4.

¹⁹⁸ Declaration of Sharif Farhat on Remand, para. 20.

¹⁹⁹ Declaration of Joseph F. Roesner, Remand Report, para. 39, Tab 12.

²⁰⁰ Declaration of Joseph F. Roesner, Remand Report, Tab 12.

	Air Distance	Drive Time	Drive Distance
Ontario VW's Wholesale Parts Customers Closer to Montclair Add Point than to Ontario VW	372	395	380
Ontario VW's Wholesale Parts Customers	911	911	911
Percent of Ontario VW's Wholesale Parts Customers Closer to Montclair Add Point than to Ontario VW	40.8%	43.4%	41.7%

As can be seen, the chart illustrates that in drive time, 395 of the 911 parts customers (43.4%) are located closer to the Montclair location than to Ontario VW.

165. A Montclair dealership would impact Ontario VW's wholesale parts business: Ontario VW would not lose all business in the Montclair PAI, but it would not maintain all its customers.²⁰¹

FINDINGS RELATING TO WHETHER IT IS INJURIOUS TO THE PUBLIC WELFARE FOR AN ADDITIONAL FRANCHISE TO BE ESTABLISHED [Section 3063(c)]

166. The Ontario Auto Center is a destination point.²⁰² Ontario is a distinct retail market from Montclair, distinguished by its outlet mall.²⁰³

167. Montclair's retail shops generally draw primarily from the north, and also from the west, and a little from the east and south.²⁰⁴ A Volkswagen dealership in Montclair would minimize travel time for consumers and increase Volkswagen competition with its primary competitive group brands.

168. The Inland Empire is still in a depressed economic climate but has seen slight recovery.²⁰⁵ A new Volkswagen dealership, anticipated to take two years to get up and running, will provide construction jobs and initially 35 jobs at the dealership, as well as new revenue for the City of Montclair. However, there may be a co-relative loss to the employees at Ontario VW and the City of Ontario.

169. If the Montclair dealership is established, the potential benefit to the public in the RMA

²⁰¹ Roesner Remand Report, para. 39, Tab 12.

²⁰² RT Jan. 11, p. 43.

²⁰³ RT Jan. 19, pp. 175-183.

²⁰⁴ RT Jan. 19, pp. 138, 194.

²⁰⁵ RT Jan. 19, pp. 201-202.

1 will be far outweighed by the likely loss to the public within the RMA, if the establishment negatively
2 impacts the four existing Volkswagen dealers who are already operating in the RMA and dependent upon
3 it for their success.

4 **FINDINGS RELATING TO WHETHER FRANCHISEES OF THE SAME LINE-MAKE IN**
5 **THE RELEVANT MARKET AREA IS PROVIDING ADEQUATE COMPETITION**
6 **AND CONVENIENT CONSUMER CARE FOR VOLKSWAGEN VEHICLES IN**
7 **THE MARKET AREA, INCLUDING ADEQUATE SALES AND SERVICE FACILITIES, EQUIPMENT,**
8 **SUPPLY OF PARTS, AND QUALIFIED SERVICE PERSONNEL [SECTION 3063(d)]**

9 170. Ontario VW is a good dealership which is well-managed and does a good job serving its
10 customer base.²⁰⁶ In 2009, Ontario VW increased sales 5% over 2008, when Area 52 was down by
11 4%.²⁰⁷ However, in 2010, Area 52 increased sales almost 24% over 2009 and Ontario VW was up only
12 10%.²⁰⁸

13 171. Mr. Reed, the General Manager of Ontario VW, testified that Volkswagen never
14 counseled the dealership to increase its sales.²⁰⁹ Mr. Reed testified that sales into the Montclair area are a
15 significant source of business for Ontario VW.²¹⁰ In 2008, Ontario sold 110 units into the proposed
16 Montclair PAI; in 2009, it sold 116 units.²¹¹ However, in 2009 its sales were only 61.66% of expected
17 sales, so Ontario VW has the opportunity to reach 100% or more of expected sales.²¹²

18 172. In support of its contention that it has provided adequate sales and service in the RMA,
19 Ontario VW points to being named as a Generation Best award winner in 2009. The Generation Best
20 award was given to only 23 of Volkswagen's 582 dealers in the United States.²¹³ The process was
21 created, monitored, and administered by a Volkswagen marketing firm.²¹⁴ Volkswagen representatives
22 conceded that as a Generation Best dealer, Ontario VW was in an elite category.²¹⁵

23 173. Ontario VW takes pride in winning the Octagon Award in the third quarter of 2009 and

²¹⁵ RT Jan. 19, pp. 241, 249; Prot. Exh. 53.

1 being tied for top honors in the fourth quarter of 2009.²¹⁶ This award is competitive within Area 52 and
2 tracks eight standards of performance for Volkswagen dealers.

3 174. Ontario VW has a more than adequate sales facility. A new Market Place facility was
4 constructed with all necessary conveniences for customers. Mr. Reed testified that he did not recall that
5 Volkswagen had ever counseled Ontario VW concerning sales satisfaction.²¹⁷ In October 2010, Ontario
6 VW ranked at 96% of the sales satisfaction index.²¹⁸

7 175. Ontario VW has an adequate service facility with 18 service bays.²¹⁹ Service work was
8 reduced due to the economic downturn, but the dealership has the capacity to perform 50% more service
9 work. Ontario VW had insufficient parking for customers who would be leaving their vehicles for
10 service.²²⁰

11 176. The dealership has invested in adequate specialized equipment necessary for work on
12 Volkswagen automobiles.

13 177. Currently storage for parts is sufficient but Ontario VW would need a larger inventory of
14 parts with space for storage in the future.²²¹

15 178. There is no shortage of technicians qualified to work on Volkswagen vehicles.²²²
16 Volkswagen requires a minimum of 70% of a dealership's technicians, service, and sales staff to be
17 certified as Volkswagen trained.²²³ Volkswagen offers web-based training as well as training at
18 Volkswagen learning centers.²²⁴

19 179. Universal Technical Institute conducted a program for training Volkswagen technicians,

28 ²²¹ RT Jan. 19, pp. 215, 241.

²²² RT Jan. 19, pp. 205, 233. Mr. Sherman expressed concern that a new Montclair dealership would hire quality technicians away from Ontario VW, thus leaving the dealership with insufficient trained technicians. Mr. John Hawkins explained that his preference is to staff a new dealership with employees from his organization and train them to Volkswagen standards. RT Jan. 20, pp. 20-21.

²²³ RT Jan. 19, p. 223.

²²⁴ RT Jan. 19, pp. 210, 212.

1 but this program ended in 2010.²²⁵ A new “fast track” training program was scheduled to begin in
2 2011.²²⁶

3 180. Due to the decline in service business, Ontario VW had lost technicians, but there is no
4 evidence that Ontario VW does not have sufficient trained technicians.²²⁷

5 181. Although the burden of proof is upon the Protestant, there was no claim by VWoA that the
6 Protestant or that any of the other franchisees in the RMA are lacking or deficient with regards to sales
7 and service facilities, equipment, supply of parts and qualified service personnel. Therefore, the Board
8 draws no conclusions as to this issue.

9 **FINDINGS RELATING TO WHETHER THE ESTABLISHMENT OF AN**
10 **ADDITIONAL FRANCHISE WOULD INCREASE COMPETITION AND**
11 **THEREFORE BE IN THE PUBLIC INTEREST [SECTION 3063(e)]**

12 182. Ontario VW must show that any negative impact upon it, caused by the proposed
13 establishment of a Montclair dealership, outweighs the benefits to the consuming public from the
14 increased competition a new dealership would bring. A concern here may be that the “over-dealering” of
15 an area will increase competition beyond the point where it is in the public’s best interest. This negative
16 effect could occur if the increased competition causes a dealership to close because there is simply not
17 enough business to allow all dealers in the RMA to be profitable. Given the difficult economic times that
18 exist now, another recessionary dip could cause any number of dealerships to cease operations. It is a
19 time when it may be better to err towards maintaining the status quo as to the number of dealers so that
20 an existing dealership has a better opportunity to survive, preserve its investment, and continue to
21 contribute to the public welfare than to lean towards allowing a franchisor to establish another franchisee.
22 There is no doubt that the existing franchisee has greater risk of its capital, and investment than does the
23 franchisor who will more than likely be looking to the prospective new franchisee for all or almost all of
24 the capitol necessary to open the new dealership. A franchisor bears the expense of designing and
25 manufacturing products. This cost is generally in the hundreds of millions of dollar range. It is also true
26 that these expenses can be recovered from the entire dealer body, whereas any one existing franchisee has

27 ²²⁵ RT Jan. 10, p. 107; RT Jan. 19, p. 205.

28 ²²⁶ RT Jan. 19, p. 208.

²²⁷ RT Jan. 10, p. 62.

1 only that one location from which to protect its investment.

2 183. VWoA underperforms compared to other competitive line-makers in the Montclair RMA.
3 While the Board believes that establishing a Volkswagen dealership in the Montclair auto mall in a new
4 facility would benefit VWoA in the short term, such an event would harm Ontario VW and the public in
5 the long run. The brand would be visible on the high-traffic I-10 Freeway in a location where several of
6 VWoA's primary competitive groups are also located.²²⁸ This would probably generate interest in the
7 Volkswagen brand and promote some sales. However, VWoA's interests must be balanced against
8 Ontario VW's interests in maintaining a viable business, as well as public interest in adequate
9 competition and convenient service.

10 184. Projected sales for the Montclair Open Point were set at 571 for 2011; 764 for 2012; 1,057
11 for 2013.²²⁹ The Board believes that placing a dealer in an auto mall or on the freeway would increase
12 sales but this would occur to the detriment of Ontario VW.²³⁰

13 **CONCLUSIONS**

14 **PERMANENCY OF THE INVESTMENT [VEHICLE CODE SECTION 3063(a)]**

15 185. Protestant Ontario VW has established permanency of its investment because it
16 is a dealer with longevity, has constructed a market place facility in 2003 at substantial cost, and has
17 expended the financial outlays required over the years to modernize and maintain the dealership's
18 building and equipment. Protestant has established that it has a significant and permanent investment.

19 **EFFECT ON THE RETAIL MOTOR VEHICLE BUSINESS AND THE CONSUMING PUBLIC**
20 **IN THE RELEVANT MARKET AREA [VEHICLE CODE SECTION 3063(b)]**

21 186. Protestant has established that there will be a significant adverse effect upon the retail
22 motor vehicle business in the RMA if the additional dealership is established and that there would be no
23 benefit to the public that would out-weigh this negative effect.

24 ///

25 ///

26 _____

27 ²²⁸ RT Jan. 13, p. 107.

28 ²²⁹ Jt. Exh. 24.

²³⁰ RT Jan 10, p. 210-211; RT Jan 11, pp. 27, 120-121, 146- 147.

1 **WHETHER IT IS INJURIOUS TO THE PUBLIC WELFARE FOR AN**
2 **ADDITIONAL FRANCHISE TO BE ESTABLISHED [VEHICLE CODE SECTION 3063(c)]**

3 187. Protestant has established that it and the other dealers presently providing sales and
4 services to the public in the RMA would more likely than not suffer a loss of business if the additional
5 dealership were to be established. The impact upon them would cause more loss to them and indirectly
6 to the public than would there be benefit gained by the public if an additional Volkswagen dealership
7 were to be established at the proposed location under the current economic conditions.

8 **WHETHER THE VOLKSWAGEN FRANCHISEES ARE PROVIDING ADEQUATE COMPETITION AND**
9 **CONVENIENT CONSUMER CARE FOR VOLKSWAGEN VEHICLES IN THE RELEVANT**
10 **MARKET AREA, WHICH SHALL INCLUDE THE ADEQUACY OF MOTOR VEHICLE**
11 **SALES AND SERVICE FACILITIES, EQUIPMENT, SUPPLY OF VEHICLE PARTS,**
12 **AND QUALIFIED SERVICE PERSONNEL [VEHICLE CODE SECTION 3063(d)]**

13 188. Ontario VW's sales and service facilities were built in 2003, and they are more than
14 adequate to provide adequate consumer care. Ontario VW has invested in the specialized equipment
15 necessary to servicing Volkswagens. The dealership's supply of vehicle parts and storage is currently
16 adequate. Ontario VW has sufficient qualified service technicians. There was no claim that there was a
17 significant deficiency as to these factors as they pertain to Ontario VW or the other Volkswagen
18 franchisees who are responsible for serving the owners of Volkswagen vehicles in the RMA.

19 **WHETHER THE ESTABLISHMENT OF AN ADDITIONAL DEALERSHIP WOULD INCREASE**
20 **COMPETITION AND THEREFORE BE IN THE PUBLIC INTEREST**
21 **[VEHICLE CODE SECTION 3063(e)]**

22 189. The Board believes that there would likely be a spike in Volkswagen sales in the RMA.
23 However, this increase would likely come from the sales opportunities available to Ontario VW and the
24 other three Volkswagen franchisees whose PAI's comprise a part of the RMA. Although there may be an
25 increase in competition in the RMA, it is unlikely that the increase will be of benefit to the public.

26 190. Ontario VW is profitable and considered to have good management. Although Mr.
27 Roesner's dramatic numbers of "loss" are not absolute proof of lost sales or income, the Riverside-San
28 Bernardino market (including the RMA) is still "at risk" economically and demographically, and the
Board believes that the survivability of Ontario VW is tenuous under the current economic conditions.
Any additional negative factors could cause havoc to the existing Volkswagen dealerships if an
additional dealership were established. The establishment of an additional dealership at the location

1 proposed, which is in the heart of the better market when comparing the Montclair PAI to the Ontario
2 PAI, would exacerbate the effect upon Ontario VW if such a negative event or economic downturn
3 occurs. The "risk-benefit" analysis which must be made under these circumstances leads to the
4 conclusion that Ontario VW has established that the adverse risk to the public is greater than the benefit
5 that would flow from the establishment proposed.

6 **DETERMINATION OF ISSUES**

7 191. Protestant has sustained its burden of proof of establishing the permanency of its
8 investment. [Section 3063(a)]

9 192. Protestant has sustained its burden of proof of showing there would be an adverse effect
10 on the retail motor vehicle business and the consuming public in the relevant market area if the Montclair
11 dealership is established. [Section 3063(b)]

12 193. Protestant has proved that it would be injurious to the public welfare for the Montclair
13 dealership to be established. [Section 3063(c)]

14 194. Protestant has sustained its burden of proof of establishing that there is adequate
15 competition and convenient consumer care in terms of sales and distance. Protestant has sustained its
16 burden of proof of showing the adequacy of sales and service facilities, equipment, supply of vehicle
17 parts, and qualified service personnel. [Section 3063(d)]

18 195. Protestant has sustained its burden of proof of proving that competition, although it would
19 likely increase if the establishment is allowed, would not be in the public interest.
20 [Section 3063(e)]
